

BALDOR®

★ *There was a time that certain steps in forging shoes and maintaining tools required a lot of elbow grease*

In today's market, farriers have turned to power equipment such as the Baldor grinders with grinding attachments to help speed up their work and lessen the wear and tear on their body.

The Baldor grinder and the grinding attachments are designed by and for farriers. With superior power output, no loss in RPM and low turning resistance, this machine will do every job with ease.

If it is modifying horseshoes or tool maintenance, with the right attachments, this machine will perform without compromise.

i Always wear gloves and safety glasses

Grinding machine (738-0001-159)

Voltage:	230 V	Base:	20,32 x 21,59 cm / 8" x 8,5"
Freq.:	50 Hz	Shaft diam.:	1,90 cm / 0,75"
RPM:	3000	Shaft length:	16,66 cm / 6,56"
Power:	0,5 HP	Total height:	29,34 cm / 11,55"
		Total width:	72,06 cm / 28,37"

Expander wheel

10" - 25,4 cm (738-0002-509)
Guard (738-0002-014)

PACK 1

Baldor machine
+ 10" wheel + belt
+ SHARPENING PACK
(790-0001-049)

Sanding arm
36" - 91,4 cm (738-0002-013)

PACK 2

Baldor machine
+ 36" sanding arm + belt
+ SHARPENING PACK
(790-0001-050)

Sanding arm
48" - 121,9 cm (738-0002-005)

PACK 3

Baldor machine
+ 48" sanding arm + belt
+ SHARPENING PACK
(790-0001-051)

SHARPENING PACK

Poliflex fine grinding wheel
Deburring knives
(738-0002-020)

Polishing wheel felt
Polishing knives
(738-0002-019)

Polishing paste bar
Paste for felt wheel
(727-0004-033)

Adapter set
For polishing wheels
(738-0002-021)

SecureFit Safety glasses

clear (734-0002-127)
grey (734-0002-128)
